DIV. OF OIL, GAS & MINING

Dear Mr. Bown:

On January 30, 1995, this office received your Notice to conduct milling activities on your Enterprise mill site located in T. 13 N., R. 13 W., Section 31 (UMC 311612). In that Notice, you indicated that you would not store any toxic materials on the mill site.

During a recent inspection of your mill site, it was found that you have placed two 200-gallon fuel tanks, four 55-gallon barrels of unknown petroleum products, five buckets of unknown petroleum products, and two 5-gallon gas cans near the entrance to the mill site without authorization from the Bureau of Land Management (BLM). One of the fuel tanks appears to be leaking fuel onto the ground. All of these containers could begin leaking at any time through natural causes or as a result of target shooting or other vandalism in the mill site area. As the mining claimant, you would be ultimately responsible for any required clean-up of spilled oil and for the removal of any contaminated rock or soil resulting from your negligence, including spills onto the ground.

Within 15 days of receipt of this letter, you must completely remove both fuel tanks, all four barrels of unknown petroleum products, and all of the buckets and gas cans from your mill site. If you fail to remove these petroleum containers within the time specified, we will consider you to be in noncompliance with regulations at 43 CFR 3809, and you will be issued a Noncompliance Order.

As described at 43 CFR 3809.601, if you fail to timely comply with a Noncompliance Order, the BLM may issue you a Suspension Order or an Enforcement Order, either of which could require that you cease or suspend all operations in the project area until your operation is in compliance. If an Enforcement Order is issued and you fail to correct the violation(s) within the time specified, BLM may nullify your Notice. If your Notice is nullified, you will not be permitted to conduct

operations on the Public Lands in the project area except for reclamation and other measures specified by the BLM.

If you have any questions, or require additional information, please feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

A handwritten signature in black ink, appearing to read "Brad D. Palmer". The signature is fluid and cursive, with a large loop for the 'P' and a long horizontal stroke at the end.

Brad D. Palmer
Assistant Field Office Manager,
Non-renewable Resources
